

EFI VUTEK GS3250LX PRO SUPERWIDE INKJET PRINTER

INTRODUCTION

- Arrow has pioneered many ground breaking technologies and has been a leader in the digital printing/cutting field since decades; providing digital printing solutions to the Indian market.
- Arrow has given the most effective solutions to the world of digital printing, making dedicated efforts to take digital printing to great heights in various applications and industries.
- Arrow continues to lead the way with alliances in various industries carrying products from world leaders and inventors in their respective fields.
- With offices across India, we support our customers and educate the end users in Embracing disruptive technologies, hand holding, true 24/7 support, throughout the learning curve.

EFI VUTEK GS3250LX PRO AT A GLANCE

High-definition imaging and LED technology

- With LED technology and increased productivity, the 3.2-metre EFITM VUTEk® GS3250lx Pro printer will help you offer more applications while lowering operating costs.
- Deliver high-definition POP graphics with true grayscale technology, 1,000 dpi, and multilayer white ink printing
- Extend the range of supported substrates with innovative ink curing technology
- Increase uptime and productivity while reducing maintenance with instant on/off LED lamps
- Drive down operating costs with decreased power consumption, fewer consumable parts, and less waste with consistent colour output and simple operation
- Offer customers a greener printing solution

EFIVUTEK GS3250LX PRO SUPERWIDE INKJET PRINTER

Continuous print productivity:

- The innovative ink curing technology of the EFIVUTEK GS3250LX Pro LED hybrid printer extends the range of supported substrates while lowering operating costs.
- Take on more jobs and turn them faster with continuous print productivity with less than five seconds between boards
- Accurately align images using the precision alignment fence

EFI VUTEK GS3250LX PRO SUPERWIDE INKJET PRINTER

Features and benefits:

- ✓ Production-level LED technology
- ✓ Eight-color plus two white and single-pass, multilayer printing
- ✓ Switchable to Fast-5 for high productivity
- ✓ Dual resolution: True 600 dpi (24 pL) or 1,000 dpi (12 pL) selectable
- ✓ Output up to 223 m² /hr. and 60 – 1.2 m x 2.4 m boards/hr.
- ✓ True variable drop greyscale print capability

EFI VUTEK GS3250LX PRO SUPERWIDE INKJET PRINTER

- ✓ Banners
- ✓ Day/Night Backlits
- ✓ Exhibition Graphics
- ✓ Indoor Signage
- ✓ Photographic Reproductions
- ✓ Point-of-Purchase Graphics
- ✓ Posters

EFI VUTEK GS3250LX PRO SPECIFICATIONS

Increased reliability and performance:

- Maximize uptime with fewer parts, improved reliability standards, and easy troubleshooting

Media/Handling:

- Handles flexible and rigid substrates up to 3.2 m wide and up to 5.08 cm thick
- Multi-roll capable — two 152 cm rolls
- Optional heavy-duty unwinder (HDU)
- Optional extension table with casters

EFIVUTEK GS3250LX PRO PRODUCTIVITY

- Fast-5: 223 m² per hour
- Production up to 60 – 1.2 m x 2.4 m boards/hr.
- Eight-color plus white – 111.4 m²/ hr.
- Production up to 32 – 1.2 m x 2.4 m boards/hr.
